

DIRT WORKS

WYOMING

COMPOST FUNDRAISER PROGRAM

BUILDING SOIL AND COMMUNITY

A full-service fundraiser for local non-profits and community groups

We work with you to arrange delivery and publicize your event

You set your prices, sell compost and collect money!

COSTS:

- Bulk compost is \$75 / ton.
- Small bags are \$7 each if you fill them.
- Delivery of bulk compost for 2026 is \$9.25 per loaded mile from our yard in Worland.
- Eat Wyoming will deliver pallets state wide for \$64 each (40 bags).
- Bulk trucks carry about 30 tons
- Compost weights ~1000 lbs /cubic yard.

SUPPORT:

- Digital educational and marketing resources to share with customers and supporters
- Free webinar or lecture for your organization with Dr. Caitlin Youngquist
- Publicize your fundraiser on our website, social media, and email newsletter
- *You must be able to load vehicles onsite.*

Located in Worland, WY

LETS DO SOME MATH

- Purchase 30 tons of **bulk compost** at \$75 /ton = \$2,250 (~60 cubic yards)
- Delivery 120 miles (one way) from Worland at \$7 / mile = \$1,110
- Total cost of compost + delivery = \$3,360
- Sell 60 cubic yards of compost at \$75/cubic yard = \$4,500
- Total funds raised: \$4,500 - \$3,090 = **\$1,140**

- Purchase 120 **small bags of compost** at \$7 each (you fill) = \$840
- Sell 120 bags of compost at \$15 each and deliver to customers = \$1,800
- Total funds raised: \$1,800 - \$840 = **\$960**

- Purchase 120 **small bags of compost** at \$8 each (we fill) = \$960
- Delivery via Eat Wyoming on three pallets at \$64/each = \$192
- Total costs of compost + delivery = \$1,152
- Sell 120 bags of compost at \$16 each and deliver to customers = \$1,920
- Total funds raised: \$1,920 - \$1,152 = **\$768**
